NUCLIEOS

OUR SERVICES

AI/ML Solutions

We guide AI and ML projects from concept to deployment, delivering innovative, user-friendly solutions with quick delivery and strong security to protect your data.

Web Applications

With expertise in Banking FinTech, Healthcare, and e-Commerce, we build web apps, SPAs, portals, ERP, and CRM systems, tailored to meet your business needs and ensure client satisfaction.
Staff Augmentation

We offer IT staff augmentation for projects of all sizes, from prototyping to full-scale development. With over 70 skilled developers, we seamlessly integrate with your team and assist in recruitment to find the perfect fit.
SaaS Solutions

We build custom SaaS products that enhance productivity and streamline processes. From project management tools to customer systems, we provide tailored solutions for all types of businesses.

MVP Development

We transform your business idea into a working prototype helping you validate your concept quickly. Our rapid development process ensures your product aligns with your vision.
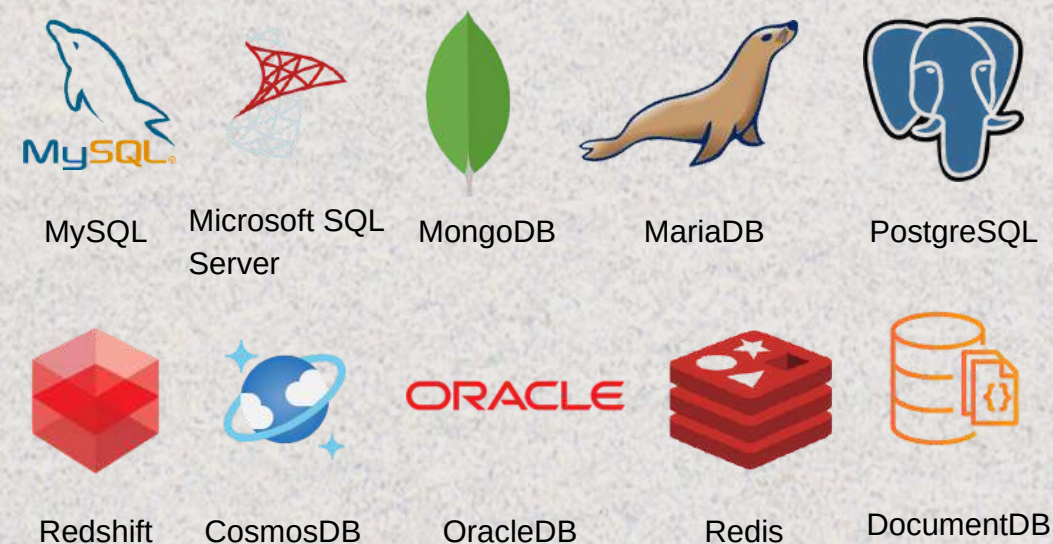

Custom Software Development

We craft custom software that solves business challenges, meets market needs, and stays ahead of digital trends—guiding you from concept to launch and beyond.

TESTIMONIALS

NUCLIEOS

What customers say about Nuclieos.

Aneesh Thunga
★★★★★

I can't say enough good things about Ali. I've been using Upwork for almost 5 years and he is by far the best full stack developer I've ever met!

Guy Sani
★★★★★

Working with the Nuclieos team has been a seamless experience. Their backend expertise is top-notch — from designing scalable architectures to seamlessly integrating complex systems. They quickly understood our technical requirements and delivered clean, efficient, and secure code. It's clear that they have a deep understanding of modern backend frameworks and best practices.
Everett McCoy
★★★★★

We deeply appreciate the Nuclieos team's expertise, work ethic, and dedication to our project. It has been a pleasure working with them and we look forward to continuing this partnership.

Brian Polak
★★★★★

Nuclieos is a highly technical and reliable team. Their ability to understand complex requirements and transform them into scalable solutions truly sets them apart. Looking forward to more successful projects together.

Caleb Bandecit
★★★★★

The Nuclieos team is experienced, intuitive, and great at communicating. They dedicated themselves to our AI project and delivered results faster than expected. It was a pleasure to work with them and we look forward to future collaborations.

NUCLIEOS

Our leadership team is comprised of experienced IT professionals with a proven track record. They guide our company towards innovation and growth, inspiring our team to deliver exceptional solutions.
